CITY COUNCIL MEETING
OCTOBER 20, 2026

FY2026-27 CAPITAL IMPROVEMENTS PROGRAM (CIP) UPDATE

Engineering Division

CAPITAL IMPROVEMENTS PROGRAM (CIP) UPDATE

- CIP Overview
- Projects Completed (Past Year)
- Projects Underway
- Upcoming Projects

PROJECTS COMPLETED

Street Sweeping Signage Installation Phase 1 – November 2025

Projects Underway

City Hall ADA Improvements Design

- Currently in design phase
- Proposing improvements to meet ADA standards for the City Council Chamber, City Hall Elevators, and 2nd & 3rd floor restrooms in City Hall
- Design anticipated to be completed in 2026 and begin phased construction in 2027

Fire Station 1 Replacement Design

- Design on hold pending identification of funds
- Design for replacement of Fire Station 1 to the northwest corner of the Civic Center Campus

Citrus at Cameron Signal Design

- Currently in design with design anticipated to be completed in Spring 2027
- Design will implement a 4-way traffic signal at the intersection of Citrus and Cameron including left turn phasing and a rest on red
- Construction pending identification of funding

Projects Underway

Hillside Fire Mitigation Project

- Currently in design phase
- Fire coordinating scope of work with SGVCOG for grant funded fire mitigation within and around Galster Wilderness Park

Del Norte Dog Park Improvements

- Currently in design phase
- Design to complete improvements for the Del Norte Dog Park and other improvements in the park.
- Design anticipated to be completed in Summer 2027

Fire Station 123 Roof Replacement & Sewer Rehab

- Currently in bidding phase
- Removal and replacement of station roof at Fire Station 123
- Relining of sewer line at Fire Station 123
- Construction anticipated to begin in early 2027

UPCOMING CIP PROJECTS

- Del Norte Park Improvements
- Trash Capture Device Installation
- Orangewood Park Improvements
- Shadow Oak Fitness Equipment Installation
- Galster Park Playground Improvements
- Woodgrove Park Playground Improvements
- West Covina Parkway Median Improvements
- Street Sweeping Sign Installation Phase 2
- Cameron Avenue Complete Streets Improvements ($1 million federally funded)
- Measure M MSP Cycle 3 Bus Shelter & traffic improvements ($1.7 million grant funded)
- Gingrich Park Improvements
- Shadow Oak Parking Lot

AGENDA ITEM NO. 3

AGENDA STAFF REPORT

City of West Covina | Office of the City Manager

DATE: October 20, 2026

TO: Mayor and City Council

FROM: Milan Mrakich, City Manager

SUBJECT: **CONSIDERATION OF ACCEPTANCE OF WORK AND AUTHORIZATION TO FILE THE NOTICE OF COMPLETION FOR THE TRAFFIC SIGNAL IMPROVEMENTS AT VARIOUS SIGNALIZED INTERSECTIONS PROJECT (PROJECT NO. 23028)**

RECOMMENDATION:

It is recommended that the City Council take the following actions:

1. Accept the work performed by Select Electric, Inc. for the Traffic Signal Improvements at Various Intersections Project (Project No. 23028) with a final cost of $2,834,961.10.
2. Authorize the City Manager and Assistant City Clerk to execute the Notice of Completion and file the Notice of Completion with the County of Los Angeles Registrar-Recorder.
3. Authorize the City Manager to release a retention once appropriate.

BACKGROUND:

On October 1, 2024, the City Council awarded a construction services agreement totaling $2,659,949.00 to Select Electric, Inc., for the Traffic Signal Improvements at Various Signalized Intersections Project (Project No. 23028). The project construction budget also included a contingency budget of $398,992.35 (15% of award amount) for any unforeseen conditions as necessary. The total established construction budget was $3,058,941.35.

The project was a part of the Highway Safety Improvement Program (HSIP) Cycle 10 grant the City received in 2022 in the amount of $3,184,700 for design and construction. After completion of the design, Caltrans allocated the remaining construction funds in July 2024 to allow the City to bid the project and begin construction. The grant-funded project upgrades traffic signal systems to bring the intersections to new standards and improve vehicle and pedestrian safety at the following 10 intersections.

1. Sunset Ave. & Merced Ave.
2. Cameron Ave. & Orange Ave.
3. Vincent Ave. & Puente Ave.
4. Lark Ellen Ave. & Badillo St.
5. Lark Ellen Ave. & Rowland Ave.
6. Hollenbeck Ave. & Cameron Ave.
7. Azusa Ave. & Fairgrove Ave.
8. Amar Rd. & Temple Ave.
9. Amar Rd. & Shadow Oak Dr.

10. Sentous Ave. & La Puente Rd.

DISCUSSION:

All required improvements were constructed in conformance with the approved plans and specifications. The work was performed within the contractually specified duration and to the City Engineer's satisfaction. Construction costs totaled $2,834,961.10, which is within the approved construction budget. The final inspection was done by the CIP Project Manager and a Senior Inspector from Engineering.

The City retains five percent (5%) of each payment to the contractor as retention to ensure payment to subcontractors and material suppliers before final payment to the contractor. The City Council's acceptance of the project and the City's recordation of the Notice of Completion trigger timeframes within which subcontractors or material suppliers must file claims for payment if they have not been paid by the contractor. If no claims are filed within 35 days of the filing of the Notice of Completion, the City will release retention and any remaining amount due to the contractor.

LEGAL REVIEW:

The City Attorney's Office has reviewed the staff report.

OPTIONS:

The City Council has the following options:
1. Approve staff's recommendation; or
2. Provide alternative direction.

Prepared by: Robert Ortega Cip Project Manager

Fiscal Impact

FISCAL IMPACT:

This contract was funded under Project No. 23028 (Funds 144 Highway Safety Improvement Program). The contract was completed within the approved construction estimate.

Construction Contract	$2,659,949.00
15% Contingency	$398,992.35
Total Construction Budget	$3,058,941.35

AGENDA ITEM NO. 4

AGENDA STAFF REPORT

City of West Covina | Office of the City Manager

DATE: October 20, 2026

TO: Mayor and City Council

FROM: Milan Mrakich, City Manager

SUBJECT: **CONSIDERATION OF RELEASE OF REQUEST FOR PROPOSAL AND BUDGET AMENDMENT FOR ALTAMIRA DRIVE HILLSIDE EVALUATION – RFP NO. 2026-20**

RECOMMENDATION:

It is recommended that the City Council take the following actions:

1. Authorize the City Manager to direct staff to release the Request for Proposal (RFP) for the Altamira Drive hillside evaluation; and
2. Adopt the following resolution:

   RESOLUTION NO. 2026-103 – A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF WEST COVINA, CALIFORNIA, ADOPTING A BUDGET AMENDMENT FOR THE FISCAL YEAR COMMENCING JULY 1, 2026 AND ENDING JUNE 30, 2027 (ALTAMIRA DRIVE HILLSIDE EVALUATION)

BACKGROUND:

On September 15, 2026, the City Council directed staff to retain a qualified geologist to conduct a preliminary site inspection of the hillside located immediately west of the residential properties along the 2600 block of Altamira Drive. The purpose of the evaluation is to assess existing hillside conditions, identify potential signs of slope instability or movement, and determine whether additional geotechnical investigations or potential mitigation measures warrant further consideration by the City.

DISCUSSION:

In response to City Council direction, staff has prepared a Request for Proposals (RFP) to retain a qualified geotechnical firm to assess existing site conditions, identify potential geotechnical and geological concerns, and develop recommendations for additional investigations, as necessary. The evaluation is anticipated to include a review of available historical and technical documentation, site reconnaissance, and visual observations of affected properties to establish a preliminary understanding of the existing slope conditions. Based on the findings of the preliminary evaluation, the Consultant will develop a recommended scope of work, investigation plan, schedule, and cost estimate for subsequent phases, as warranted.

If approved, the RFP is scheduled to be released on Wednesday, October 21, 2026, with proposals due on Wednesday, November 4, 2026. The preliminary evaluation is anticipated to be completed within three months following the City's issuance of a Notice to Proceed. Upon completion of the evaluation

and development of a recommended scope for subsequent phases, staff will return to the City Council to present the findings, recommended next steps, and any necessary budget amendments for consideration.

LEGAL REVIEW:

The City Attorney's Office has reviewed the resolution and approved it as to form. The City Attorney's Office did not review this report or the draft RFP.

Prepared by: Ahmad Ansari, PE,Contract City Engineer
Additional Approval: Roxanne E. Lerma, Assistant City Manager

---

Fiscal Impact

FISCAL IMPACT:

This project was not included in the City's adopted Capital Improvement Program (CIP) budget. The proposed resolution includes a budget amendment of $50,000 in expenditures under Fund 181 – Maintenance District #1.

CITY COUNCIL GOALS & OBJECTIVES: Protect Public Safety
Enhance City Image and Effectiveness

Exhibit A

City of West Covina
Fiscal Year 2026-27
Budget Amendment No. 2027-12

Fund No. - Name	Current Budget	Proposed Amendment	Amended Budget
Fund 181 –MAINTENANCE DISTRICT 1			
Revenue	836,900	0	836,900
Expenditures	791,861	50,000	841,861
Net Change in Fund Balance	**45,039**	**50,000**	**(4,961)**
REVENUE TOTAL INCREASE		**0**	
EXPENDITURE TOTAL INCREASE		**50,000**	

The purpose of Phase I is to assess existing site conditions, identify potential geotechnical and geological concerns, and develop recommendations for additional investigations, as necessary. The evaluation shall include a review of available historical and technical documentation, site reconnaissance, and visual observations of affected properties to establish a preliminary understanding of the slope conditions and identify potential factors contributing to reported property damage.

Based on the findings of the preliminary evaluation, the Consultant shall develop a recommended scope of work, investigation plan, schedule, and cost estimate for subsequent phases, as warranted. Phase I shall be limited to a preliminary assessment, and conclusions regarding the cause of reported property damage or responsibility for such damage shall not be required unless adequately supported by the findings.

TASK 1 – REVIEW OF EXISTING DOCUMENTATIONS
Review available geological, geotechnical, topographic, grading, building, and historical records relevant to the subject slope and surrounding properties. The review shall also include available aerial photographs, historical imagery, and other pertinent documentation to identify previous site conditions, grading activities, or changes that may be relevant to the evaluation.

TASK 2 – SITE RECONNAISSANCE AND VISUAL ASSESSMENT
Conduct a site reconnaissance of the subject slope and surrounding areas to document existing conditions and identify visible signs of potential slope instability, erosion, settlement, or other geotechnical concerns. The Consultant shall also perform visual observations of affected properties and residences, subject to obtaining appropriate property access.

TASK 3 – DOCUMENTATION OF EXISTING CONDITIONS
Document observable site conditions, including visible distress, cracking, settlement, drainage concerns, or other conditions that may be relevant to the reported property damage. Documentation shall include photographs, field observations, and descriptions of pertinent findings.

TASK 4 – PRELIMINARY EVALUATION AND RECCOMENDATIONS
Evaluate the information obtained through the document review and site reconnaissance to identify potential geotechnical and geological concerns and determine whether additional investigation is warranted. The Consultant shall develop a recommended scope of work for Phase II and, if appropriate, Phase III, identifying proposed investigation methods, anticipated fieldwork, technical evaluations, and any additional services necessary to further assess slope stability and potential contributing factors to the reported property damage.

TASK 5 – PRELIMINARY EVALUATION REPORT
Prepare and submit a preliminary evaluation report summarizing the findings and recommendations of Phase I. At a minimum, the report shall include:
- Summary of available records and historical information reviewed.

- Documentation of existing site conditions and visual observations.
- Identification of preliminary geotechnical and geological concerns.
- Discussion of limitations associated with the preliminary evaluation.
- Recommendations for additional investigations, as warranted.
- Proposed scope of work, schedule, and itemized cost estimate for Phase II and, if appropriate, Phase III.

The Phase I evaluation shall be limited to a preliminary assessment of available information and observable site conditions. Conclusions regarding the cause of reported property damage or responsibility for such damage shall not be required unless adequately supported by the findings of the preliminary evaluation.

SCOPE OF SERVICE:

The primary objective of the project is to have the selected geotechnical consultant to perform a preliminary geotechnical and geological evaluation of the subject slope, generally bounded to the east by the area between 2601 Altamira Drive and 2721 Altamira Circle, to the north by Amar Road, to the west by the City-owned sidewalk, and to the south by an imaginary line connecting 2721 Altamira Circle to 1801 East Woodgate Drive. The subject slope is depicted in Exhibit 1 below.

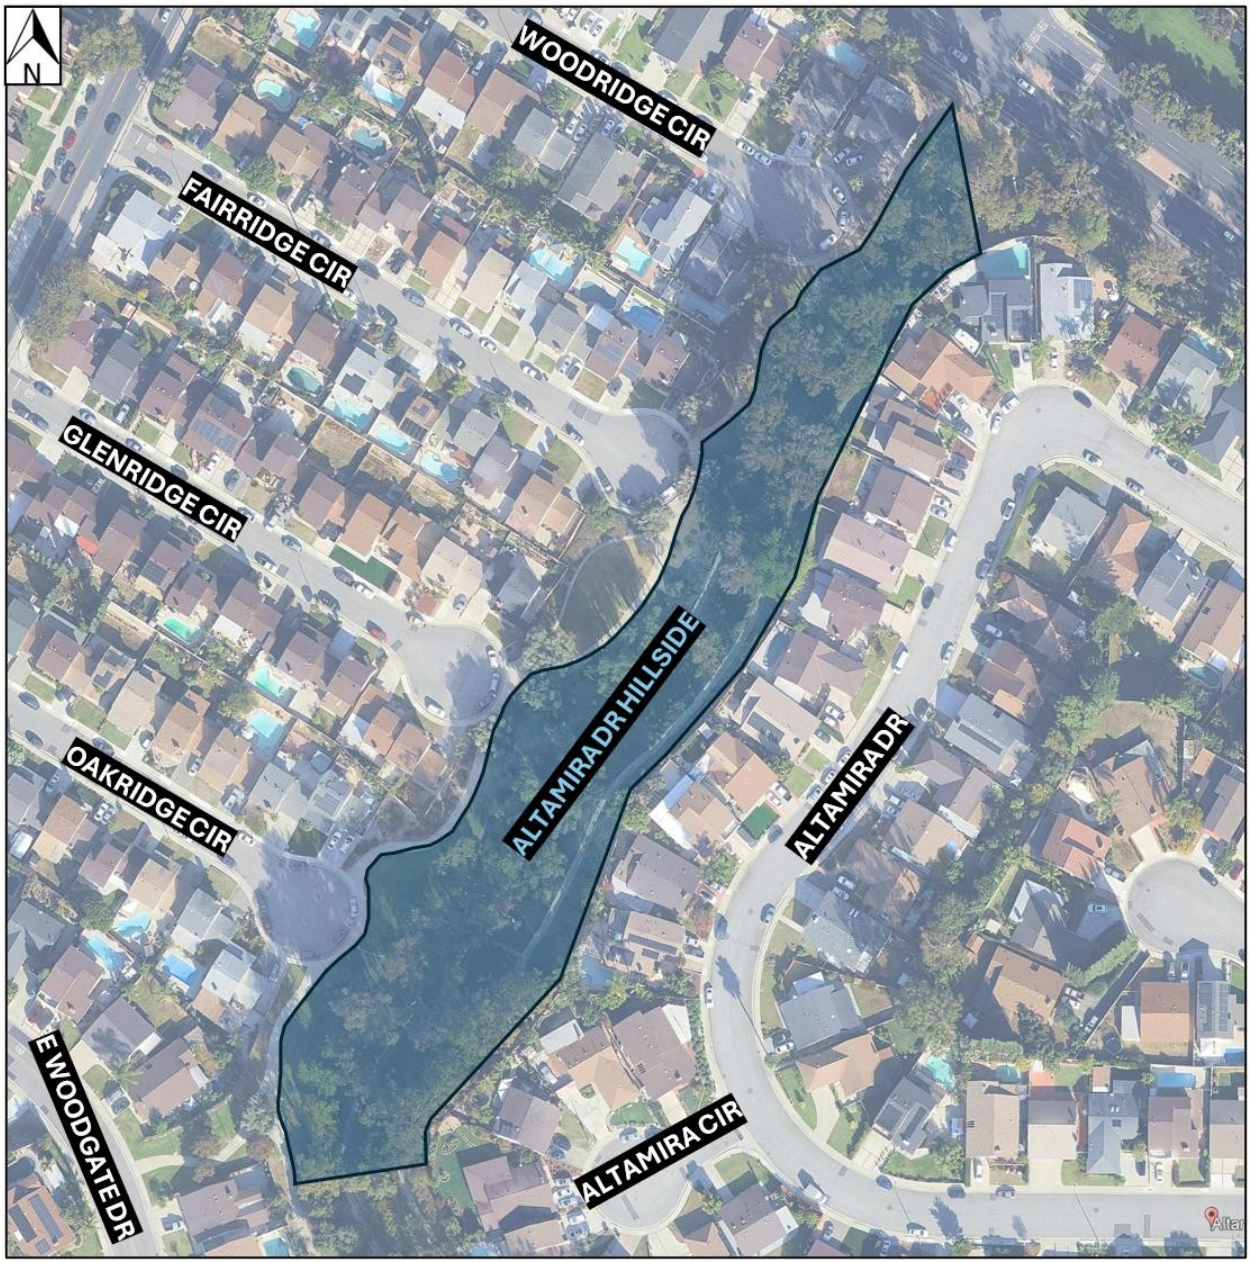

Exhibit 1: Investigation Location Boundary

AGENDA ITEM NO. 5

AGENDA STAFF REPORT

City of West Covina | Office of the City Manager

DATE: October 20, 2026

TO: Mayor and City Council

FROM: Milan Mrakich, City Manager

SUBJECT: **CONSIDERATION OF VERDUGO FIRE COMMUNICATIONS DISPATCH SERVICE AGREEMENT BETWEEN THE CITIES OF BURBANK, GLENDALE, AND PASADENA FOR FIRE DEPARTMENT DISPATCHING SERVICES**

RECOMMENDATION:

It is recommended that the City Council:

1. Authorize the City Manager to execute the Amended and Restated Verdugo Fire Communications Dispatch Service Agreement with the Cities of Burbank, Glendale, and Pasadena for Fire Department dispatching services, for a three-year term, with two optional three-year extension terms, in such final form as approved by the City Attorney.
2. Authorize the City Manager to approve the exercise of the three-year extension terms.
3. Authorize the City Manager to negotiate any amendments to the agreement in such form as approved by the City Attorney.

BACKGROUND:

On February 16, 2024, the City of West Covina entered into an agreement with the Cities of Burbank, Glendale, and Pasadena (the "Verdugo Cities") for Fire Department dispatching services through the Verdugo Fire Communications Center ("Verdugo"). The agreement provided an initial term from February 16, 2024, through February 15, 2026, with an option for the City to renew the agreement for one additional year through February 15, 2027. On October 7, 2025, the City Council approved exercising the one-year renewal option.

The purpose of the dispatching agreement was to ensure reliable and continuous Fire Department emergency communications services to the City of West Covina. Continuity of fire dispatch services is critical to maintaining effective emergency response operations and ensuring the safety of West Covina residents, businesses, and visitors.

Verdugo is a regional public safety emergency communications center that receives and processes Fire and Emergency Medical Services (EMS) related 911 calls for thirteen (13) cities within Los Angeles County, including Burbank, Glendale, Pasadena, Sierra Madre, San Gabriel, Montebello, Monterey Park, Alhambra, South Pasadena, San Marino, Monrovia, Arcadia, and West Covina. Verdugo also provides dispatching services to the Hollywood Burbank Airport Fire Department.

The City's agreement with Verdugo ensures 24/7 fire dispatching services, providing timely emergency

response and seamless regional coverage. Services have consistently been reliable and have met performance expectations, industry best practices and compliance standards.

DISCUSSION:

The Verdugo Fire Communications Center has provided the City of West Covina with professional and dependable Fire Department dispatching services since February 2024. Verdugo's operations are designed specifically to support fire and EMS emergency communications and provide coordinated dispatch services across participating regional agencies.

Verdugo's dispatch operations are supported by an established organizational structure that includes executive oversight, communications management, technical support, shift supervision, and trained Fire Communications Operators. This structure provides dedicated personnel to support emergency call processing, dispatching, staffing, training, quality assurance, and technology systems.

The Verdugo organizational structure includes:

- A Glendale Deputy Fire Chief serving as the division head with overall responsibility for the operations of the communications center;
- A Verdugo Fire Manager serving as communications manager and overseeing center operations, compliance, training, staffing, and quality assurance/quality improvement;
- A Public Safety Business Coordinator responsible for the Verdugo budget;
- A Departmental Applications Manager responsible for computer-based technologies, including the Computer-Aided Dispatch (CAD) system and related interfaces;
- Fire Communications Shift Supervisors responsible for first-line supervision and oversight of Fire Communications Operators; and
- Fire Communications Operators responsible for processing emergency and non-emergency calls and incidents received by the communications center.

Verdugo charges the City an annual cost per incident multiplied by the actual number of calls dispatched during the preceding term of service. Pursuant to the terms of the existing agreement and proposed agreement, the Verdugo Cities are permitted to increase the parte per incident dispatched by up to 5% per year, rounded to the nearest dollar.

The annual costs per incident has been as follows:

- FY 23-24: $84.14
- FY 24-25: $88.35
- FY 25-26: $88.35
- FY 26-27: $91.00

Continuing the City's agreement with Verdugo Fire Communications Center will provide several operational benefits including:

- Continuity of Fire Department dispatch services without interruption;
- Continued interoperability with regional fire and emergency response agencies;
- Continued access to an established regional emergency communications infrastructure;
- Avoidance of costs, operational impacts, and risks associated with transitioning to another dispatch provider;
- Continued access to experienced Fire Communications personnel;
- Continued use of established technology and communications systems; and
- Continued regional coordination during emergency incidents requiring mutual aid and multiple responding agencies.

The continued partnership with Verdugo allows the City to maintain an established dispatching relationship and avoid the operational disruption that would accompany the transition to another communications provider. Fire Department dispatching is a specialized service requiring integration with emergency response systems, communications infrastructure, CAD technology, radio systems, and regional mutual-aid operations. Maintaining an established regional dispatching arrangement supports continuity and reliability of emergency communications services. Given the specialized nature

of fire dispatch services and the critical integration with the regional emergency response systems, competitive alternatives are limited. Continuing with Verdugo ensures continuity of service without interruption and preserves reliable fire dispatching capabilities essential to public safety.

This procurement is exempt from competitive procurement requirements pursuant to Section 2-335(8) of the West Covina Municipal Code, which provides that purchases of goods and/or services obtained from or through an agreement with any governmental, public, or quasi-public entity are exempt from the competitive procurement requirements of the Municipal Code.

Pursuant to Section 2-330(a) of the West Covina Municipal Code, unless otherwise approved by the City Council, the maximum duration for any agreement for goods and/or services cannot exceed five (5) years. Prior to approving any agreement with a duration that exceeds five (5) years, the City is required to document the rationale for entering into the agreement and why such agreement is in the best interest of the City.

The proposed agreement with the Verdugo Cities for Fire Department dispatching services provides a term of three years, with two optional three-year extension periods, for a potential total duration of nine years. This structure provides the City with long-term stability and continuity in emergency communications services while preserving the flexibility to discontinue the agreement at the conclusion of each three-year term. To exercise the extension option, the City must provide written notice of its intent to renew at least 180 days prior to the expiration of the then-current term. Importantly, the proposed agreement also locks in the current annual, maximum rate increase of 5% for each three-year term, providing greater cost predictably and limiting the City's exposure to potentially higher rate increases over the life of the agreement. This combination of long-term service continuity, predictable cost increases, and the ability to opt out at the conclusion of each term provides a reasonable balance between fiscal responsibility and operational flexibility. Staff believes that continuing the City's established partnership with Verdugo will maintain reliable emergency dispatching services, preserve operational familiarity and coordination, and avoid potential costs, risks, and service disruptions associated with transitioning to another communications provider. Accordingly, staff believes that the proposed agreement, including the two optional three-year extension periods, is in the best interest of the City.

LEGAL REVIEW:

The City Attorney's Office will review the final form of the agreement prior to execution.

OPTIONS:

The City Council has the following options:
1. Approve the staff recommendation; or
2. Provide alternative direction.

Prepared by: Sherri Yuasa
Additional Approval: Roxanne E. Lerma, Assistant City Manager

---

Fiscal Impact

FISCAL IMPACT:

The City appropriates funding each fiscal year. The amount spent on these services will not exceed the amount appropriated. These funds are budgeted under Account No. 110.502.32.10.00.00.61.61300

Attachments

Attachment No. 1 - Fire Verdugo West Covina Agreement 2027 v.2

III. TERM

This Agreement shall become effective on February 16, 2027 ("EFFECTIVE DATE"), and remain in effect until June 30, 2030, or until terminated in accordance with the termination provisions herein, whichever occurs earlier. For consideration received, CONTRACTING CITY shall have the option to renew this Agreement for two additional terms of three years each. CONTRACTING CITY shall provide written notice of intent to renew to VERDUGO CITIES 180 days prior to the expiration of the then current term.

IV. TERMINATION

The VERDUGO CITIES, acting by majority vote may terminate this Agreement by giving written notice of such intent to the CONTRACTING CITY at least one (1) year prior to the effective date of such termination.

V. COSTS

A. Per Incident Cost. Until June 30, 2027, the annual cost shall be $91.00 per incident dispatched multiplied by the actual number of calls dispatched during the preceding term of service. Thereafter, VERDUGO CITIES may increase the rate for per incident dispatched by up to 5% per year, rounded to the nearest dollar. The cost per call for CONTRACTING CITY shall not exceed this amount in any single year, unless the overall cost for the VERDUGO SYSTEM is substantially increased by unplanned events, including, but not limited to atypical increases in the Public Employee Retirement System, catastrophic hardware system failures, or natural disasters. In the event of a substantial increase in the cost as described herein, CONTRACTING CITY's portion of the increase shall be determined by calculating the CONTRACTING CITY's pro rata share of the overall number of dispatched calls in the preceding year. VERDUGO CITIES will endeavor to utilize all funds set aside for the replacement of the equipment and funds recovered from the insurance settlement prior to seeking the increased costs from the CONTRACTING CITY.

B. No Cost to VERDUGO CITIES. Nothing in this Agreement shall be construed to require any of the VERDUGO CITIES to incur any non-reimbursable cost and/or expense for the purpose of implementing this Agreement, or any of its provisions, or to require the VERDUGO SYSTEM to modify, alter, add to, remove or transform any of its existing equipment, system or facilities to implement any of the provisions of this Agreement. It is the intent of this Agreement, and the Parties acknowledge and agree, that any such changes, modifications or alterations shall be at the sole cost of the CONTRACTING CITY.

C. Billing. For services rendered for any full fiscal year, CONTRACTING CITY shall be billed by written invoice every July and January of each fiscal year for the services provided in this Agreement on a semiannual basis, in advance. All invoices shall be payable within thirty (30) days after receipt.

VI. RADIO ROAMING SERVICES

A. Description of Services. CONTRACTING CITY shall be responsible for establishing and maintaining an agreement with Interagency Communications

AGENDA STAFF REPORT

City of West Covina | Office of the City Manager

DATE: October 20, 2026

TO: Mayor and City Council

FROM: Milan Mrakich, City Manager

SUBJECT: **CONSIDERATION OF EXPENDITURES OF FISCAL YEAR 2026-27 SUPPLEMENTAL LAW ENFORCEMENT SERVICES ACCOUNT FUNDS**

RECOMMENDATION:

It is recommended that the City Council approve using Fiscal Year (FY) 2025-26 Supplemental Law Enforcement Service Account (SLESA) funds totaling $166,284 for the frontline law enforcement supply and service items listed in the staff report.

BACKGROUND:

The Citizens' Option for Public Safety (COPS) Supplemental Law Enforcement Services Account (SLESA) is a State allocation which, according to California Government Code Section 30061 and 30062, must be used exclusively to fund frontline municipal police services, in accordance with written requests submitted by the Chief of Police. These funds cannot be used to replace or supplant existing funding for law enforcement services, but must instead supplement local funds. This funding was formerly called the Supplemental Law Enforcement Service Fund (SLESF), but was renamed SLESA as part of the realignment program for law enforcement that was enacted along with the State of California 2011 Budget Act.

DISCUSSION:

West Covina's FY 2026-27 SLESA allocation totals an estimated $166,284. Anticipating the receipt of these funds, which is distributed monthly, the Police Department prioritized a list of unbudgeted frontline police supplies and services for this fiscal year, as listed below. Since the start of this fiscal year, some of these supply and services expenditures have already started.

- Helicopter support services, under West Covina's current multi-year agreement with Los Angeles County for these services, totaling an estimated $29,000.
- GPS based surveillance services used by the Special Enforcement Team to track narcotics suspects, totaling an estimated $24,000;
- Specialized ammunition and tactical supplies for the SWAT Team, totaling an estimated $29,500;
- Personal protective supplies including bulletproof vests for newly hired Officers, gas mask cartridges, ballistic helmets, and carrying gear, totaling an estimated $40,500;
- Traffic enforcement supplies, weapons accessories, unmanned aerial system software and accessories, specialized forensic services, and police supplies supporting front line law enforcement, totaling an estimated $43,284.

LEGAL REVIEW:
The City Attorney's Office has reviewed this staff report.

Prepared by: Alex B. Houston, Police Executive Administrator
Additional Approval: Roxanne E. Lerma, Assistant City Manager

---

Fiscal Impact

FISCAL IMPACT:
Using the State SLESA funds for the frontline law enforcement items described above is in keeping with the legislatively dictated requirements associated with this funding source. Estimated SLESA expenditure and revenue amounts were previously budgeted in Fund 155, so there is no impact to the General Fund.

CITY COUNCIL GOALS & OBJECTIVES: Protect Public Safety

AGENDA STAFF REPORT

City of West Covina | Office of the City Manager

DATE: October 20, 2026

TO: Mayor and City Council

FROM: Milan Mrakich, City Manager

SUBJECT: **CONSIDERATION OF AUTHORIZATION AND APPROVAL OF A PURCHASE ORDER TO INNOVATIVE PLAYGROUNDS COMPANY, INC. FOR GALSTER PARK PLAYGROUND EQUIPMENT PROCUREMENT, AND DIRECTION TO STAFF TO ISSUE A NOTICE INVITING BIDS FOR INSTALLATION SERVICES**

RECOMMENDATION:

It is recommended that the City Council take the following actions:

1. Approve the playground equipment and design provided by Innovative Playground Company, Inc. for the Galster Park playground improvements project.
2. Authorize the City Manager to issue a purchase order to Innovative Playgrounds Company, Inc. for the procurement of playground equipment and Pour in Place (PIP) surfacing for Galster Park, in an amount not to exceed $229,244.
3. Adopt the following resolution:

   A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF WEST COVINA, CALIFORNIA, ADOPTING A BUDGET AMENDMENT FOR THE FISCAL YEAR COMMENCING JULY 1, 2026 AND ENDING JUNE 30, 2027 (GALSTER PARK IMPROVEMENTS)

4. Authorize the City Manager to execute documents necessary to implement the procurement.
5. Direct staff to prepare and issue a Notice Inviting Bids for the installation of the Galster Park playground equipment and associated work, consistent with the approved playground equipment and design.

BACKGROUND:

The Los Angeles County Regional Park and Open Space District (RPOSD) is responsible for implementing and administering the Los Angeles County Safe, Clean Neighborhood Parks and Beaches Measure of 2016 (Measure A). Seventy-five percent (75%) of Los Angeles County voters approved Measure A in November 2016, which authorizes dedicated local funding for park, recreation, and open space projects and their maintenance through an annual special tax of 1.5 cents per square foot of building floor area on all taxable real property in the County.

The City of West Covina annually receives approximately $340,000 for new projects and $75,000 for maintenance and servicing. Maintenance and servicing can be used to maintain approved Measure A projects after completion. All projects are required to go through a grant approval process and community input.

The Galster Park playground was identified as a high priority due to the age of the equipment and repairs needed. Staff applied for and received approval from RPOSD for funding in the amount of $458,400 for a new playground at Galster Park.

DISCUSSION:

On August 18, 2026, the City Council approved moving forward with Phase I of the Parks and Recreation Master Plan. Phase I includes improvements at several City parks, including playground improvements at Galster Park, Orangewood Park, and Woodgrove Park.

The Parks and Recreation Master Plan provides a framework for maintaining and modernizing the City's park system, improving accessibility, and expanding recreation opportunities based on community needs and available resources.

As part of the initial implementation of Phase I, staff sought preliminary playground concepts from KOMPAN Inc., Great Western Recreation, LLC, and Innovative Playgrounds Company, Inc.

At the Community and Senior Services Commission meeting held on September 9, 2026, representatives from Great Western Recreation, Innovative Playgrounds Company and KOMPAN presented their playground concepts and design approaches. For the Galster Park playground improvements project, the Commission selected and approved the design and equipment presented by Innovative Playgrounds Company.

For the Galster Park project, staff proposes to use a two-phase approach and proceed with procurement of the playground equipment and solicit competitive bids for installation services.

Staff recommends proceeding with the procurement of the playground equipment from Innovative Playgrounds Company based on the proposal and design included as Attachment No. 1. The equipment will be purchased using BCI Burke Company, LLC Sourcewell Contract # 101625-BUR for $229,244. The equipment proposal and project renderings are intended to establish the equipment and overall design to be incorporated into the installation bid package.

Following authorization to procure the equipment, staff will prepare and issue a Notice Inviting Bids for installation services. The installation bid package will identify the approved playground equipment, surfacing requirements, site preparation and related work, project schedule, prevailing-wage requirements, contractor licensing and registration requirements, insurance and bonding requirements, and other applicable City contracting requirements.

Staff will return to Council with a recommendation to approve the agreement for equipment installation.

LEGAL REVIEW:

The City Attorney's Office has reviewed the resolution and approved it as to form.

OPTIONS:

The City Council has the following options:

1. Approve Staff's recommendation; or
2. Provide alternative direction.

Prepared by: Renee M. G. Chavez, Management Analyst I
Additional Approval: Roxanne E. Lerma, Assistant City Manager

TO: Mayor and City Council

FROM: Milan Mrakich, City Manager

SUBJECT: **CONSIDERATION OF AUTHORIZATION AND APPROVAL OF A PURCHASE ORDER TO KOMPAN CALIFORNIA, INC. FOR WOODGROVE PARK PLAYGROUND EQUIPMENT PROCUREMENT, AND DIRECTION TO STAFF TO ISSUE A NOTICE INVITING BIDS FOR INSTALLATION SERVICES**

RECOMMENDATION:

It is recommended that the City Council take the following actions:

1. Approve the playground equipment and design provided by Kompan California, Inc. for the Woodgrove Park improvements project.
2. Authorize the City Manager to issue a purchase order to Kompan California, Inc. for the procurement of playground equipment for Woodgrove Park, in an amount not to exceed $279,292.53.
3. Adopt the following resolution:
   A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF WEST COVINA, CALIFORNIA, ADOPTING A BUDGET AMENDMENT FOR THE FISCAL YEAR COMMENCING JULY 1, 2026 AND ENDING JUNE 30, 2027 (WOODGROVE PARK PLAYGROUND EQUIPMENT)
4. Authorize the City Manager to execute documents necessary to implement the procurement.
5. Direct staff to prepare and issue a Notice Inviting Bids for the installation of the Woodgrove Park playground equipment and associated work, consistent with the approved playground design and project requirements.

BACKGROUND:

The Los Angeles County Regional Park and Open Space District (RPOSD) is responsible for implementing and administering the Los Angeles County Safe, Clean Neighborhood Parks and Beaches Measure of 2016 (Measure A). Seventy-five percent (75%) of Los Angeles County voters approved Measure A in November 2016, which authorizes dedicated local funding for park, recreation, and open space projects and their maintenance through an annual special tax of 1.5 cents per square foot of building floor area on all taxable real property in the County.

The City of West Covina annually receives approximately $340,000 for new projects and $75,000 for maintenance and servicing. Maintenance and servicing can be used to maintain approved Measure A projects after completion. All projects are required to go through a grant approval process and community input.

The Woodgrove Park playground was identified as a high priority due to the age of the equipment and repairs needed. Staff applied for and received approval from RPOSD for funding in the amount of $679,800 for a new playground at Woodgrove Park.

DISCUSSION:

On August 18, 2026, the City Council approved moving forward with Phase I of the Parks and Recreation Master Plan. Phase I includes improvements at several City parks, including playground improvements at Galster Park, Orangewood Park, and Woodgrove Park.

The Parks and Recreation Master Plan provides a framework for maintaining and modernizing the City's park system, improving accessibility, and expanding recreation opportunities based on community needs and available resources.

As part of the initial implementation of Phase I, staff sought preliminary playground concepts from Kompan California, Inc., Great Western Recreation, LLC, and Innovative Playgrounds Company, Inc.

At the Community and Senior Services Commission meeting held on September 9, 2026, representatives from Great Western Recreation, Innovative Playgrounds Company and Kompan California, Inc. presented their playground concepts and design approaches. For the Woodgrove Park playground improvements project, the Commission selected and approved the design and equipment presented by Kompan California, Inc. included as Attachment 2.

For the Woodgrove Park project, staff proposes to use a two-phase approach and proceed with procurement of the playground equipment and solicit competitive bids for installation services.

Staff recommends proceeding with the procurement of the playground equipment from Kompan California, Inc. based on the proposal and design included as Attachment No. 1. The equipment will be purchased using the Kompan California, Inc. Omnia Partners Contract # 2017001135 in the amount of $279,292.53. The equipment proposal and project renderings are intended to establish the equipment and overall design to be incorporated into the installation bid package.

Following authorization to procure the equipment, staff will prepare and issue a Notice Inviting Bids for installation services. The installation bid package will identify the approved playground equipment, surfacing requirements, site preparation and related work, project schedule, prevailing-wage requirements, contractor licensing and registration requirements, insurance and bonding requirements, and other applicable City contracting requirements.

Staff will return to Council with a recommendation to approve the agreement for equipment installation.

LEGAL REVIEW:

The City Attorney's Office has reviewed the resolution and approved it as to form.

OPTIONS:

The City Council has the following options:

1. Approve staff's recommendation; or
2. Provide alternative direction.

AGENDA ITEM NO. 9

AGENDA STAFF REPORT

City of West Covina | Office of the City Manager

DATE: October 20, 2026

TO: Mayor and City Council

FROM: Milan Mrakich, City Manager

SUBJECT: **2026-27 EL NINO AND WINTER STORM PREPAREDNESS**

RECOMMENDATION:

It is recommended that the City Council receive and file this informational report and direct staff to continue routine storm-season preparation and public education for the 2026–27 rainy season, using existing City resources and coordination with applicable County, State, and emergency-response agencies.

BACKGROUND:

West Covina is preparing for a possible wet winter due to El Niño for the 2026-27 winter storm season. A wet winter is not guaranteed. However, preparing before significant rainfall can help reduce risks to people, property, and public infrastructure. The beginning of the rainy season provides an important opportunity to review emergency plans and take reasonable steps to protect people and property. West Covina is urging residents and businesses to prepare now for the heightened potential of severe storms.

Los Angeles County advises residents to prepare for possible severe storms by monitoring official alerts, developing an evacuation plan, assembling supplies for up to 10 days, securing property, and understanding local flood and mudflow risks. West Covina and Los Angeles County maintain flood-control infrastructure and conduct storm-season preparations in the City.

DISCUSSION:

Annual storm season preparedness activities by City Departments and Staff include:

- Inspect and maintain City-owned storm drains, catch basins, drainage paths, and other applicable stormwater infrastructure; remove debris as appropriate.
- Review procedures for receiving, prioritizing, and responding to reports of blocked drains, localized flooding, fallen trees, and other storm-related hazards.
- Check staff communication and coordination procedures for severe-weather events, including after-hours response where applicable.
- Share storm-preparedness information with residents through the City's website, social media platforms, newsletters, community outreach materials, and other existing communication channels.
- Encourage residents to clear private gutters and drainage paths, obtain sandbags before storms, prepare emergency supplies, and monitor official weather and emergency alerts.

- Remind the public to avoid flooded roadways and moving water, stay clear of downed power lines, and follow evacuation instructions from emergency officials.

Fiscal Impact

FISCAL IMPACT:

No additional fiscal impact is anticipated from receiving this report. Routine preparedness, maintenance, and public outreach activities are conducted using existing departmental resources and existing departmental budgets. Any extraordinary response or repair costs would be evaluated through the City's normal processes.

WHAT RESIDENTS CAN DO NOW

- Sign up for emergency alerts and monitor official forecasts.
- Create a household evacuation and communication plan.
- Prepare food, water, medications, and essential supplies for up to 10 days. List key supplies and where the items are stored. Include special items for infants, older adults, those with medical needs and family pets. Prepare food, water, medications, and essential supplies for up to 10 days.
- Clean gutters and private drainage paths; repair roof leaks and consider sandbags before rain.
- Know local flood and mudflow risks; consider separate flood insurance if appropriate.
